

BLOOD LOGIC™

Nutritional Microscopic Interpretative Report

Thank you for choosing Blood Logic, Inc. and Blood Detective technology for interpreting the results of your microscopic laboratory findings. The purpose of this report is for general education purposes only. THIS REPORT IS NOT INTENDED TO PROVIDE MEDICAL OR HEALTH ADVICE. Blood Logic, Dr. Michael Wald and his employees take no responsibility for the information contained in your report. By providing your results below you accept full responsibility for this information. Furthermore, Blood Logic, Inc., and Dr. Michael Wald is not providing specific health advice by providing this educational report.

YOUR RESULTS

Below is a list of common microscopic findings. Please check off the results of your microscopic test or attach a copy of your results (if they have been given to you by your health care provider.) Blood Logic, Inc. and Dr. Michael Wald is not obligated to discuss your computer generated report with your health care provider(s).

YOUR REPORT

The length of your report will vary depending upon the number of microscopic results that you provide below. Typically a report may vary in length from 10-50 pages.

COST

The cost of this computer generated interpretive report is \$250 (this includes shipping and handling.) This fee is non-refundable. You may pay for this test by going to the PRODUCTS section of this website (www.blooddetective.com) and providing your credit card information. Please allow 2-3 weeks for the generation and delivery of your educational report.

MAIL YOUR RESULTS

PLEASE SEND YOUR RESULTS TO:

Blood Logic, Inc., c/o Dr. Michael Wald at 55 Crow Hill Road, Mount Kisco, NY 10549.

Phone number: 914-666-2943.

Please provide your results on the pages that follow. Feel free to include a list of other findings that you might have related to microscopic testing; however, we cannot guarantee that they will be included in your report. Our report is limited, in terms of interpretation to the microscopic findings listed below.
